

A GREAT DAY AND A WORTHY CAUSE!

DDM's first 5K to benefit our residents was a winner! Over 60 runners participated, plus volunteers such as **Program Coordinator Nicole Kelly** and **Appalachee residents James Treadwell and David Harvill**. James is pictured above left with a supportive runner. Top right are some of the runners preparing for the race. The best time for the 5K was 18 minutes and 51 seconds by a male Lawrenceville runner. Below left are Finance/Business Office Manager Cindy Marshall and the "Bell-a the Ball," her miniature long-haired daschund, Bella. Below right is the beauty of early morning at Tribble Mill Park. (photos by Amanda Humphrey)

Above, there were 16 runners from the ladies basketball team at Southern Polytech! At top right is the young man who won the 1 mile fun walk - a real achievement! He and his parents walked for his younger sister, who has developmental disabilities. At right is Resident Accounts Manager Michael Liu, who did a superb job chairing the 5K event. Below are some of the happy winners of the 5K. And below right is DDM trustee Ronnie Jowers, who not only cheered, but participated in the race!

Proceeds of the event go toward Life Enrichment Activities Program for our residents. Other staff and volunteers who worked at the 5K included Ray and Beverly Johnson, Bill Neal, Danny and Anne Henderson, Cathy and Amanda Humphrey, Camille and Jerry Naff, and Deb Leamon

Plans are to have another 5K in 2012 - stay tuned!
